

Environmental Policy

1. Context: CSAV does not currently have direct shipping operations. All shipping operations are completed by its associate, Hapag-Lloyd.

2. Objective: To promote commitments to reducing the impact of our affiliated companies' operations on the environment.

3. Scope: All stakeholders that interact with the company.

4. Foundation: CSAV is committed to protecting and caring for the environment. It seeks to minimize the impact of its associate's operations on our planet. CSAV is committed to responsibly developing its business and promoting the most efficient and environmentally friendly practices in its associate's operations.

It is committed to seeking out the best solutions to make operations sustainable on an ongoing basis and to ensuring compliance with current regulations on these matters.

In order to achieve this goal, the company:

- Provides reliable information on the environmental performance of its associate's assets.
- Promotes good practices, builds environmental awareness and maintains collaborative dialogue with the organizations involved with these matters.
- Seeks out programs that have a positive impact on environmental matters.

4. Responsibility: Senior management must implement and promote this policy and provide resources to enforce it.

5. Approval and Updating

This Policy is part of CSAV's Sustainability Plan, approved by its Board of Directors in an ordinary session in December 2021. Its content will be reviewed annually and updated as needed, as of its entry into force.
